Presentation on
IPRINTMARVEL DOTMATRIX &
IPRINTMARVEL THERMAL

IPrintMarvel Dot Matrix Printer Series

IPrintMarvel is a very small, rugged USB & Bluetooth enabled 24 Column mini printer that is suitable for all types of environment.

This is designed with a small footprint and comes in an aesthetic plastic enclosure. iPrintMarvel works on Dot Matrix Printing Technology. Its weight is just 350 grams & runs on rechargeable battery and can print up to over 12,500 lines even in a single charge.

Technical Specification- DMP

IPrintMarvel – Dot Matrix – Series

- Impact Printer :: 24 Col 2 Inch Impact Printer Technology**
- Paper :: 57 mm Width Paper Roll with 20 Metre & 48 mm Dia**
- Font :: English Characters**
- Logo :: Can Store Upto 4 Logos for Printing.**
- PC / Mobile Interface :: USB Device Type, Bluetooth**
- Buffer Area RAM :: 64 K Bits (8 KB) Internal RAM**
- Battery :: 7.4 V Li-Ion Battery Pack 1700 Mah, 500 Recharge Cycle**
- Maximum Charging Time :: About 2.5 Hours**
- Power :: 10 V DC Power Adaptor for Charging**
- Cabinet :: Moulded ABS Cabinet with PC Transparent Paper Cover**
- Weight :: Approximately 480 Grams**
- Semi Automatic Paper Loading Technology :: 2 Lines/Sec Printing Speed**
- Android Supported**

IPrintMarvel Thermal Printer Series

IPrintMarvel is a very small, rugged USB & Bluetooth enabled 32 Column mini printer that is suitable for all types of environment.

This is designed with a small footprint and comes in an aesthetic plastic enclosure. iPrintMarvel works on Thermal Printing Technology. Its weight is just 350 grams & runs on rechargeable battery and can print up to over 12,500 lines even in a single charge.

Technical Specification- Thermal

IPrintMarvel – Thermal - Series

Thermal Printer :: 2 Inch Direct Thermal Printer Technology
Easy Paper Loading Technology :: 60mm Per Second Printing Speed
Paper :: 57 mm Width Paper Roll with 14 Meter in 40 mm Diameter
Font :: English Characters
Logo :: Can Store Upto 4 Logos for Printing.
PC / Mobile Interface :: USB Device Type, Bluetooth
Buffer Area RAM :: 64 K Bits (8 KB) Internal RAM
Battery :: 7.4 V Li-Ion Battery Pack 1700 Mah, 500 Recharge Cycle
Maximum Charging Time :: About 2.5 Hours
Power :: 10 V DC Power Adaptor for Charging
Cabinet :: Moulded ABS Cabinet with PC Transparent Paper Cover
Dimension :: 4.8 Cms (Maximum Total 8.5 Cms) X 12.9 Cm X 6.6 Cm
Weight :: Approximately 350 Grams
Android Supported
